OBJECTIVE

I completed my reserve duty in the army at the start of April. I'm a Full Stack Developer with two years of professional experience, seeking new challenges. I am ready to contribute to a dynamic team environment and bring my highly motivated and can-do approach to new projects. My interpersonal skills, honed during my professional journey, make me an excellent team player, ready to collaborate across functions. I am committed to delivering high-quality code and continuously improving my technical skills

EXPERIENCE

Full Stack Developer
ZIGIT ,Ramat Gan | 6/2022 - 10/2023
GoGood Mobile App | 2023
(Promoted to Lead Developer for the project):
- Development and implementation of the "GoGood" Mobile App in the cloud using AWS services.
- Led the migration of the application to AWS, optimizing for performance.
- Independently designed and developed the entire tech stack, including front-end, back-end, and database store procedures.
- Applied ASP.NET Core, React Native, MySQL, and AWS.

- **Israel Department of Transportation Web Systems | 2022**
- Contributed significantly as a key team member in the development of web systems for the Department of Transportation.
- Participated actively in the implementation of Angular, ASP.NET Core, and SQL to deliver efficient and user-friendly applications.
- Handled both front-end and back-end development tasks, showcasing versatility.
- Collaborated within a diverse team to ensure the seamless integration of various components.

EDUCATION

BSC Degree - Computer Science
HIT | 2018 - 2021
Graduated from HIT with honors, achieving a grade of 88. Courses completed include Data Structures, Algorithms, and Object-Oriented Programming.
